

DK Olukoya Prophecies for 2020

I will like you to listen to me very carefully

This is an extremely interesting year. It's what you can call 'a palm up, a palm down year'. Palm up, palm down. Palm up for reception or collection, palm down for losing or turning away. Palm up for giving generously, palm down for covering sin for under which no man shall prosper.

A year where the misuse of the two organs in your body will yield disastrous consequences. Your tongues and your sexual organs.
